

****Yin's Love song Specially for Yang****

Love is not misery

I love you so well that I'm in, Love and Kisses

I won't words of beauty

I Love you

I'm your lady

we're heading for Love

and I'm ready for Love

my Love is true

Just for you

Will you marry me

I'll be true to you

You need me

I'm in Love with you

I'll be everything you need

I will let you see my heart

Let me Love you

I will be a miracle if I'm with you

Believe in Love

When you believe

The world is a beautiful place

When you believe

Where there's love I'll be there

Let me fill your heart with love

Tender love

Just for you

What would make you marry me

my love is specially for you

I hear the ticking of my heart

This divine love

must come true for me and you

for all eternity our heart's will go on

the world is a better place because of you

****Yin's Love song Specially for Yang****

If a musician would write sheet-music for the love songs I would be appreciative,

thanking you in advance
